## Fall 2023 Top Ten Emerging Housing Markets—Median Home Listing Prices, Sept. 2023

**Source:** *The Wall Street Journal* / Realtor.com Emerging Housing Markets Index

**Notes:** *The Wall Street Journal* / Realtor.com Emerging Housing Markets Index highlights housing markets that offer shoppers a lower cost of living, including for homes, and thriving local economies that are attractive but not too crowded. The index identifies markets that those considering a home purchase should add to their short lists—whether the goal is to live in it or rent it as a home to others.
